**CONDUCT CODE**

Our school is just like one big happy family. If its members are going to be happy and safe and things are going to be achieved, there must be some rules for everyone to follow.

These rules do three things:
1. They tell people what they can do.
2. They tell people what they cannot do.
3. They make it possible for people to work and live together in harmony.

We believe our rules are fair and that they are consistent.

We believe that the understanding and practising of these rules is one of the student's responsibilities and that these rules are designed to protect their rights as individuals and as a member of our family.

We believe that understanding and practising these will help build up our school as an effective, happy and safe environment in which to learn and accept each other.

**CHILDREN'S RIGHTS**

A right is something to which you are entitled.

We believe that children have the right to:

1. Be an individual at school. This means that they should be treated fairly because of their differences.
2. Be treated and respected with kindness. This means that they should not be laughed at, made fun of, have their feelings hurt or embarrassed in front of others.
3. Express themselves. They should feel free to talk about their feelings and ideas when appropriate.
4. Feel safe at school. This means that the classrooms, equipment and rules provide for and ensure safety.
5. Tell their side of the story. They have the right to present their case in a reasonable manner during an enquiry.

CHILDREN'S RESPONSIBILITIES

There are some things children should do without being continually told. We believe the children at Coonalpyn Primary have a responsibility to:

1. Work quietly. This means making quiet use of their time and not bothering others.
2. Complete set tasks in the given time to the best of their ability.
3. Make our school a good place to be. This means being thoughtful, respectful, courteous and sensitive to others.
4. Come to school. This means that they come to school every day on time, unless they are sick or have a special reason to be absent.
5. Take care of school property, their own as well as respecting other's property.
6. Obey school rules.
7. Take home messages to parents.
8. Practise good personal cleanliness. This means that they come to school clean and practise good health habits at school.
10. To be sensitive to the feelings and needs of others.

DISEASES, ALLERGIES and MEDICATION

1. Parents are to inform the school of any disease or allergy the child may have.
2. This information is readily available and must be consulted when planning activities.
3. Any medicines required for a child should be clearly labelled by the parent and handed to the teacher for administration together with a signed letter.

DIARIES / MESSENGER BOOKS

1. These act as an important means of communication between the teacher and the parent.
2. Every student has a diary/message book which is sent home daily.
3. Teachers are required to check them daily for messages.
4. Parents are encouraged to check them daily.
EXCURSIONS

Occasionally your child may be asked to be involved in an excursion, camp etc. These activities must be covered by a consent note, signed by the parent/guardian.

For minor excursions teachers will issue a consent note.

For major excursions and camps a consent form will be sent home with specific details about the activity and its benefit for your child.

If travel by a private car is involved you will be issued with a consent note to that effect. You will be notified of who the driver is and can be assured that the vehicle is comprehensively insured.

A child cannot attend a trip, camp or excursion without the appropriate consent.

FIRST DAY AT SCHOOL (Materials)

School supplies folders, reader covers, rulers, scissors, plastic sleeves, books, pencils, sharpeners, erasers, textas, pencil cases, glue sticks, sunscreen.
Parents need to supply school bag, art smock, lunch boxes, drink bottles, hat.

HEAD LICE

If a Head Lice outbreak occurs regular checks of all children will take place. If lice is suspected, or found on any child, you will be notified and will be expected to take necessary action before your child can return to school. Appropriate medication is available from the school.

LOST PROPERTY

Parents are asked to ensure all items carry the child’s name clearly marked. Some parents choose to sew a specific emblem, picture or name to prevent washing out of markers. The school has a lost property box which continues to grow throughout the year. Please encourage your child to not leave clothing lying around the school. We encourage students to be organised and to pick up after themselves and take responsibility for looking in the lost property box themselves for missing items.

LUNCH

Lunchtime is from 12:50 pm to 1:30 pm.

1. Children are supervised by class teachers while they eat their lunch from 12:50 pm - 1:00 pm.
2. Children may go home for lunch if they have parental permission. It is advisable to give this in writing.
3. Lunches can be ordered at school each morning, from the bakery. Items ordered should be written on the front of an envelope, with the child's name on it and the correct money sealed inside.

NEWSLETTERS AND NOTES

Newsletters are sent fortnightly. Occasionally other notes need to be sent home for special messages.

These are sent home with the oldest child in each family. Parents are asked to respond to 'return slips' as promptly as possible.

PARENT / COMMUNITY INVOLVEMENT

Our school recognises the important part a parent plays in determining a child's attitude to education in general and to their school in particular. We hope that parents will do all in their power to develop positive attitudes to these things, in their children. It cannot be stressed enough the importance of open, honest communication between school and home. Where parents are suspicious of our motives and where they openly criticise the teachers or the school at home, in front of the children, we can hardly blame the children if they develop a negative attitude towards the school which will naturally prevent them from achieving anywhere near their capabilities at school.

Teachers and parents alike should be familiar with the document - 'Educating for the 21st Century' - and in particular the responsibilities of parents and what they imply to teachers in helping those be achieved. It is the teacher's responsibility to inform parents of their own involvement programme.

This may include:  
(a) Timetabled volunteer (listening to children read)  
(b) Needs basis (Adult helper for an excursion)  
(c) Informal classroom visits.

In this school, parents are welcome and encouraged to be involved. As well, our school recognises the importance of the school acting as an agency for the general community. This may include involvement activities such as:

- KESAB
- Community celebrations
- the school facilities being available for community use.

REPORTING TO PARENTS

Parents are free to arrange an appointment with a teacher to discuss the child's progress at any time. Continuous records on your child's academic and social progress are kept by teachers. The entries in these records form the basis of Parent Interviews.
It must be stressed that parents and teachers are involved in a partnership to help children and your support is welcomed. If you have cause for concern at any time please contact the teacher and talk about the problem. Harbouring concern won't solve the problem. SEE THE TEACHER. More formal reports are sent home at the end of each term, and in term 3 there is a Student Exhibition of Learning where parents are invited to listen to students present on their learning. For a copy of our Reporting and Assessment Overview for the year, please contact the front office.

**TRANSITION**

*Kindergarten - Junior Primary*

Students can start at the school the term after they turn 5 years of age and within the first 1 week of that term, but schooling is not compulsory until after their sixth birthday.

If a reception student has only had two terms in that year, the student will stay in reception for the following year. All students must do at least 11 terms of JP (which includes year 2.)

Transition mornings (to get to know their class and teacher) are held on Wednesdays several weeks prior to starting school.

*Year 7 children – Coomandook Area School*

Most Year 7 Students attend Coomandook Area School for secondary schooling.

An Orientation programme includes:

- A Parent Information Night in third term.
• A visit from Secondary School teachers and year eight students previously from our school.
• A tour of the physical surrounds of the campus.
• A two-day programmed visit to the Area School, with lessons by the School's teachers.

This enables the children to obtain a general idea of the physical layout of the school and gives them an introduction to the Year 8 teaching staff.

Other Secondary schools and colleges have their own transition programmes, which are negotiated with the family and schools.

SCHOOL UNIFORMS

Students are encouraged to wear school uniform throughout the year. Colours for clothing items are Jade and Navy. School Uniform shirts, jumpers, pants and hats are all available in a variety of sizes for sale at the school for excellent prices. School Uniform sales are at cost price. The School has a Sunsmart Policy where students are expected to wear appropriate clothing: shirts with collars, and longer style shorts and skirts. Hats are worn for all outdoor activity. Sunscreen is supplied in all classrooms.
You are able to purchase from the front office.
Year 7 students may design and have made a ‘Year 7 Windcheater’ later in the year.

SCHOOL FEES

School fees are set at $182 per year as recommended by DECS. These are payable by the end of the first term. Families whose financial situations may qualify for government assistance are encouraged to apply for School Card. (Further information from Front Office.). Negotiation can also be made for payment by instalments by discussing with the school Finance Officer.
