My favourite part of camp was ice-skating. I wasn't very good at first but I got better at it. We also went to the chocolate factory on the second day, the lady told us how to make the chocolate and how long it takes. At the end of the second day we went to the Beach House and I got sick.

On camp we went to the Beach House and people went on water slides, but I didn't go on them, so I went on bumper cars instead. Thursday night we went night bowling. It was good and I did better than I have before. The best part of camp was ice-skating.

**Travis Klitscher**

My favourite part of camp was bowling. I got a strike and a free. We saw our penpals at their school at Warradale. We played cricket. The next day we went and saw them again and we went into their classroom and they showed us around. The camp was good fun.

**Brenton Calvert**

My favourite thing at camp was going to see the racing cars and going to the beach House. We went to the Central Market and we had to find answers on a question sheet in the old lolly shop and the seafood shop. We got to meet our penpals.

**Ebony Pierik**

The best parts of camp were ice-skating and bowling. Ice-skating was fun, and I got onto the big arena, I could balance on one leg. At bowling we got chips and a drink for tea. We got some spares, and I got a strike. We met our penpals, my penpals are Nicholas and David and they showed me around at their school. We went to the chocolate factory and it smelt very nice. We got to taste some chocolates.

My favourite part of camp was ice-skating. It was really hard. I bought chocolate for mum from Haighs Chocolate factory, the chocolate at the factory was yum. I went to the Old Lolly Shop at Central Market, and we saw racing cars when we were there. I had chips and a hot dog for tea at Bowl Land and I played a game and won lollies. I slept on a bunk bed and Kunita slept under my bunk.

I really enjoyed the whole camp. We did ice-skating on Wednesday and on Thursday we went to Haighs Chocolate factory and after that we went on the tram to the Beach House at Glenelg and we went on the water slides and I went on one with Mr. Eagles and he screamed all the way down because it was dark! At night we went 10 pin bowling and I got a couple of strikes. We got chips and a hotdog for tea and a slushy to drink. On Friday we came home. We were tired.

**Maggie Hay**

My favourite part of camp was when we went to Glenelg, then we went to the Beach House. There were water slides and lots of stuff and I went down the water slides about 12 times. When we got there I played games first, and some were out of order. When we came back to where we were walking, I had chips and sauce, and sauce was 10c. Then we left and Dad picked me up at 10:00am. Then we went to Gawler.

**Henry Lucas**

On camp we went ice-skating, I was really, really good and I haven't been before. We went to the chocolate factory and it smelt good. We went on a tram to the Beach House and I went on every single water slide. I went on the bumper cars, that was fun. My favourite part was coming home to see Dad and Tom.

**Isabel Schilling.**

On camp we met our penpals and my penpal was Jai. He showed me around his school. Then we went ice-skating, I got into the big arena first for about 10 minutes – I could go flat out and then turn my skates and flick up the ice. At the campsite there was a ping-pong table and I won against everybody even Damien Jacobs! I flogged the ball and hit him in the head.
